

The 10th DRY DOCK CONFERENCE

and
ADVANCED TRAINING FORUM

22-23 September, 2020

Virginia Beach Convention Center
1000 19th Street,
Virginia Beach, VA, USA, 23451m

The tenth in this highly successful series of International Dry Dock Conferences/Advanced Training Forums. There will be opportunities for all involved in the industry to take part in discussions and share knowledge and experiences. The conference provides advance training for those in the dry dock industry.

The goal of the conference is to stimulate the transfer of drydocking knowledge and information to personnel in the drydock industry. Presentations given by various experts in the field will cover unusual, unique and problem drydockings, with opportunities for all attendees to take part in discussions and participate at the conference.

2022 Conference Topics

- Dry Dock Construction
- Dry Dock Equipment
- Dry Dock Spatial Assessment Tool
- Dry Dock Upgrade
- Drydocking/launching with airbags
- Drydocking/Undocking Accidents
- Drydocking/Undocking from the Vessel Operator Perspective
- Economic Aspects of Drydocking
- Emerging Dry Dock Technologies
- Floating Dry Docks - Civil/Structural Design Aspects and Applications
- Heavy Lift Operations
- Ship Loading Issues for Drydocking
